APPETIZER SPECIALIST SINCE 1998

Le Duc is a Dutch family-owned company specialized in premium vegetarian appetizers for the global food-service market. Since 1998, we've combined craftsmanship with innovation to create crispy, craveable snacks - from cheese bites to onion rings - all 100% vegetarian and tailored for QSR performance.

Le Duc delivers more than just great taste - we deliver performance. Our dedicated R&D and NPD teams specialized in developing high-yield, fryer-friendly

appetizers tailored to QSR environments. From a simple customer briefing, we create products that combine craveable flavor with operational efficiency: short prep time, consistent quality, and strong holding performance.

With Le Duc, you get snack innovation that works - for your brand, your kitchen, and your customers.

From cheese snacks to onion rings to co-branded concepts, we turn great ideas into QSR bestsellers.
